Neptune Classic Nameboards - Offering

the unlimited design flexibility popular among mega yachts, The Neptune represents a classic combination of style and charm.

Being our most customizable design, the Neptune offers the greatest opportunity for unique results, and is primarily for mega yachts of 80 feet or more. This design includes a multidimensional, multi-layered construction with lighting embedded within the rear acrylic layer for a "halo" effect.

{mfglossy yi/orionicon.jpg|Orion|left|20}

Orion Acrylic Letters - With a clean and modern

look, the Orion delivers a halo glow to its mounting surface and from its edges. The Orion is constructed

from acrylic as a unitized assembly from either LED or Fiber Optic lighting. In standard configurations, the Orion can ship as little as 10 days of order acceptance.

{mfglossy yi/doradoicon.jpg|Dorado|left|20}

Dorado Name Plaques - Especially designed for the 50 to 90-foot yacht, the Dorado offers a plaque-style modern appearance with inset lettering

and an optional sunken metallic inlay. Featuring LED lighting, this design delivers an indirect glow across the inset lettering and inlay, and from its edges. The Dorado is constructed from acrylic as unitized assembly in widths up to 48 inches.

{mfglossy yi/hydraicon.jpg|Hydra|left|20}

Hydra metal letters offer a deeper dimension to the Orion Letter design. Call us for more information on this model.
